

HARIS FAHIM GABA

Web Developer

Karachi, Pakistan | 0334-2449599 | fahimgaba9@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Web Developer with hands-on experience building and customizing WordPress and Shopify sites, and developing backend applications with ASP.NET Core and Entity Framework Core. Comfortable across the stack — from client-facing CMS builds to structured backend logic and databases. Currently expanding into AI-assisted development workflows to speed up debugging and prototyping.

PROFESSIONAL EXPERIENCE

Junior ASO Manager

Nov 2025 – Present

Appware Technologies | Karachi, Pakistan

- Conducted keyword research to identify high-value search terms, helping improve app ranking and visibility on the Google Play Store.
- Keyword optimization:** applied keyword research findings to app listings to support higher search rankings within the Play Store algorithm.
- Tracked keyword performance over time to refine research and identify new ranking opportunities.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript

Backend: ASP.NET Core, C#, Entity Framework Core, SQL Server

CMS & E-Commerce: WordPress, Elementor, Shopify, Shopify Theme Customization

Tools & Workflow: Git basics, AI-assisted debugging and prototyping

PROJECT WORK

Built and customized WordPress and Shopify sites for small business clients, and developed a backend application using ASP.NET Core and Entity Framework Core. Full project details, screenshots, and code are available on my portfolio and GitHub.
